EDUCATION

Seacom Skills University

Bachelor Of Computer Applications (BCA)

West Bengal, India

EXPERIENCE

Part-Time Web Developer

Jun 2025 – Sep 2025

Project Experience (Academic) |

Full-Stack Development | Tools: HTML, CSS, PHP, MySQL

- Developed and deployed real-world web-based applications for school management.
- Built and worked on live systems such as:
 - <https://nachindajkhighschool.nycticollege.in/user/index.php>
 - <https://kushbasanhighschool.in/user/index.php>

PROJECTS

TZWEB Website

Oct 2025

Full-Stack Development | Tools: HTML, CSS, JavaScript, PHP, MySQL

Live: <https://tzweb.sunitajana.online/tzweb/>

- Developed a responsive web application showcasing services and structured content.
- Designed multi-page layout (Home, About, Services, Projects, Contact).
- Implemented interactive UI elements and form validation using JavaScript.
- Built backend for handling contact form and database storage.
- Delivered complete project independently including UI/UX, frontend, backend, and database.

July 2024

Routine Management System

PHP, MySQL, HTML, CSS, JavaScript | Live: <https://routine.sunitajana.online/>

- Built a web-based system to manage and generate class routines.
- Implemented CRUD operations and admin authentication.

Dec 2024

Portfolio Website

July 2025

HTML, CSS, JavaScript | Live: <https://sunitajana.online/>

- Developed personal portfolio with responsive design and animations.

E-Commerce Website (SunShop - Ongoing)

HTML, CSS, Bootstrap, JavaScript, PHP, MySQL | Live: <https://sunshop.sunitajana.online/>

- Developing a full-stack e-commerce application with product management, authentication, and shopping cart features.
- Designed responsive UI using HTML, CSS, and Bootstrap for improved user experience.
- Implemented product listing, detail pages, and category-based navigation.
- Built secure user authentication and complete cart functionality (add, update, remove).
- Developed backend using PHP and MySQL with scalable database structure.
